Title: A Welcome and a Warning

Author: Razillian

Subject: Local Interest

Greetings citizens of Pax Lair and other members of the surface world. Allow me a moment to introduce myself. I am Razillian, agent of the Xun Verin, which for those of you not accustomed to the underworld would loosely translate to True Death.

Over the past few months, I have met with and spoken to Matron Chknae, leader of the Xun Verin and a renegade drow. Through our negotiations it has come forth thast it is high time for the drow to take their place among us surface folk, claiming their divine right as the supreme race.

In exchange for your allegience and obedience, Matron Chknae offers you continued life and the

dawn of a new
leadership in this land
of Britiannia. Oppose
the Xun Verin and thou
shall meet with certian
death.

A challange has been
issued to several
surface clans deemed
unpure by the Matron
Mother as well as those
clans housing in
territories we claim as
rightfully ours. The
surface elves have
lived among the light
for far too long and will
be wiped from this
plane of existance. The
orc and kobold tribes
have but a simple
choice, vow obedience
and move from the fort
you now occupy, or lie
dead beside the
surface elves.

The choice is a simple
one, even for those of
such lesser intelligence
as the kobold.

Accept the challenge
from Matron Chkane or
relinquish your claim to
the fort near Pax Laie
and never return, upon
the threat of most
horrible death.

You have until this
Sunday to make your
decision.
